

PURPOSE

The purpose of this conference is to engage clinical staff using examples of evidence-based practice in order to improve nursing care and patient outcomes.

OBJECTIVES

1. Identify strategies for healing and protection of the nursing
2. Define systems thinking and its relationship to healthcare quality and safety.
3. Discuss tactics to support clinical inquiry, quality improvement in clinical outcomes and nursing research.

SPEAKER

Joseph Gundlach, MSN, RN-BC

Joseph is a Psychiatric Nurse Education & Practice Specialist. Joining Legacy in 2017, he worked in a variety of positions at the Unity Center for Behavioral health before joining the Clinical Practice Support team in 2020. As a board-certified mental health nurse and a member of the American Psychiatric Nurses Association, Joseph spends his time supporting all eight Legacy hospital sites with their behavioral health needs. He has presented on behavioral health topics at the local, regional, and national levels.
